To: Brooks Composite High School Parents and Staff

From: Geoff Petley-Jones, Principal;

I am writing this letter to inform you of actions taken at Brooks Composite High School in response to inappropriate social media use.

Today, school personnel were made aware that social media was used for inappropriate purposes. As per the protocol, the School Resource Officer, from the RCMP, was contacted and will be following up, as required.

This is good time to discuss with your student the proper uses of social media and cell phones to ensure online safety is a priority. The safety of our students and staff is always our highest priority.

Sincerely,

Geoff Petley-Jones
Principal
