Dear Parents and Guardians:

Thank you for your patience and support as we work with AHS, the Government of Alberta, our Grasslands Board Office and our staff to navigate these class cancellations. We just had a video conference with our Superintendent, Mr. Brandt, and the rest of the Senior Admin Team of Grasslands. There are still many unanswered questions at their level as well but the message was clear that we will work together to keep the best interests of students, families, staff and the community at large as our number one priority in this challenging time. We encourage you to check your email often because this is one of the best methods of communicating with parents. Mr. Brandt let us know that he is working with Alberta Education and other organizations to ensure the best method of moving forward with student learning is implemented...this may take some time.

Below are instructions for picking up items from your student's locker or desk. Pick-up is arranged by **the grade and first letter of your last name**. Each letter has a date and time slot to come and pick up locker and classroom items.

Please only come during your assigned time slot. If your time slot does not work for you please call the office to arrange a different date or time. In order to limit the number of people in the building please only send 1 parent per family. We are only allowed 40 students in the building at one time.

Please arrive through the front doors of the school and wash your hands in the bathrooms to the right of the office before heading to your student's area. Please do not come if you are experiencing cold or flu-like symptoms.
